

TEAM TRYOUTS

The Club will organize and schedule age group tryouts in April and will post tryout information on the Club website by May of each year. Managers are asked to assist the Tryout Administrator with tryouts for their respective age group. If you are not planning to return as manager, please assist with finding a replacement volunteer from your team to help at tryouts.

Player Check-In

Team Managers are asked to check-in all tryout participants and provide them with the necessary information and documentation for each team.

Arrive 30 minutes prior to the published tryout time as players will arrive early to check-in.

- Obtain tryout list and team handouts from Tryout Administrator
 - This is used by coaches as the evaluation form during the tryout
- Provide players with a tryout jersey and a Team Plan
- Write the tryout jersey number on the tryout list next to their name.
 - If their name is not on the list, have them use the QR code to register and neatly write their name and contact information on the tryout list so coaches can contact them.
- Once all players have checked in
 - Make 2-3 copies of the tryout list
 - Bring copies to coaches with clipboard and pen.
 - Retain a copy for the Tryout Administrator

Team Plans & Enrollment Info

Handouts will be prepared and ready for you to hand out.

Team Plan and Enrollment Cards should be given to all players PRIOR to tryouts when they check in. Save extras for any parent questions after the tryout.

Team Formation

Each league has different rules about offering and accepting roster spots and signing official documents to secure those spots. For all tryouts, during the last 15 minutes of the tryout, managers should check with the coach to see how he wants to handle the selection process and meeting with the parents. Manager and coach should make sure all parents have the enrollment information at this time.

LEAGUES RULES ON TEAM SELECTION

National and State League Teams (NLC, DA & Premier)

Coaches offer roster spots for their teams AT the tryout AND Players are asked to accept or deny their roster spot immediately following the tryout. Players accepting their spot must start the enrollment process by logging into their GotSoccer Account and making a downpayment. This initial enrollment process should be complete within 24 hours of acceptance.

GVSA Teams (Academy, Elite and Select)

Coaches offer Players roster spots the evening of, or day(s) following the tryout. This generally happens by email or phone. Players may accept the position but cannot sign paperwork until the league "signing day". Coaches upload their accepted players to the Club Roster Worksheet within a couple days of the tryout.

**See ENROLLMENT document for NEXT STEPS in the process.
